

Problem-Based Learning - Solution & Evidence

Build a response that addresses the problem, evidence, constraints, and limitations.

PROBLEM / CHALLENGE

TEAM

OUR PROPOSED RESPONSE

What are we recommending or designing?

EVIDENCE / REASONING

What supports this response? Explain the connection.

CONSTRAINTS / TRADE-OFFS

What does the solution cost, risk, sacrifice, or fail to address?

TEST / FEEDBACK

How could we test, critique, or improve the response?

REVISED RESPONSE

What changed after testing, feedback, or new information?
