

Scientific Inquiry Record

Ask a scientific question, plan for evidence, investigate, and build an explanation.

INVESTIGATION _____

NAME _____

QUESTION / PHENOMENON

What are you trying to explain or find out?

PREDICTION / HYPOTHESIS

What do you expect and why?

PLAN

Variables, comparison, measurements, observations, materials, safety.

EVIDENCE

Data, observations, patterns, anomalies, uncertainty.

EXPLANATION

Claim + evidence + scientific reasoning.

ALTERNATIVES / NEXT TEST

What else could explain the result? What would you test next?
